

FACT SHEET

HSIP: Bogard Rd at Engstrom Rd/Green Forest Dr Intersection Improvements

Project No: CFHWY00453

Project Scope

The Alaska Department of Transportation and Public Facilities (DOT&PF), in cooperation with the Federal Highway Administration (FHWA), is proposing to add a single lane roundabout at the intersection of Bogard Road with Engstrom Road and Green Forest Drive. This project will include realignment of Green Forest Drive, drainage improvements, installation of roadside hardware, lighting, and relocation of utilities. The project will be developed and funded through the Highway Safety Improvement Program (HSIP). The HSIP specifically targets reducing fatalities and severe injury crashes on Alaska's roadways.

Schedule

Design and utility coordination is underway. Preliminary Right-of-Way acquisition plats were reviewed by the MSB Platting Board and conditionally approved 2/8/2023. Right-of-way appraisals are expected to begin summer 2023. The project is expected to go to construction in 2025, contingent on successful acquisition of the necessary Right-of-Way and utility relocation agreements.

Public Involvement

A virtual Open House was held 5/25/2021 showing the 30% design. The Plans In Hand (75%) Review was held 7/20/2022 and presented to the public via an Open House 10/13/2022. A final Open House will be held immediately prior to construction. Watch a presentation, review meeting materials, learn more about the project, and submit comments at: http://dot.alaska.gov/creg/bogard/public_involvement.shtml

Cost

The project is estimated to cost about \$10.7 million including design, right-of-way acquisition, utility relocation and construction.
